PUBLIC TRANSPORT

CITY BUS & TRAM

Beside the taxi, the most effective mean of public transport in Zagreb is city tram, which runs every 5 - 10 minutes. Single ride requires 30 mins ticket and can be purchased from tram driver (15 HRK / 2 €) or at nearby news-stand (kiosk) (4 HRK / 0.5 €). Number of transfers is not limited and same tickets apply to local bus network. Most trams and busses have validation machines at the first (driver) and last entrance.
